## DATA ANALYST

50107-66, Nairobi, Kenya | [ianshikami39@gmail.com](mailto:ianshikami39@gmail.com) | +254798984772

Data Analyst skilled at turning complex datasets into clear, actionable insights using Python, SQL, Power BI, Tableau and advanced Excel. Built and deployed AI-driven digital agents and developed interactive dashboards that informed business decisions; automated data pipelines to speed reporting and improve accuracy. Strong foundation in biostatistics and stakeholder communication, focused on delivering measurable impact through data-driven strategies.

---

### PROFESSIONAL SUMMARY

Data Analyst with hands-on experience turning complex data into clear, actionable insights using Python, SQL, Power BI, Tableau, and advanced Excel. Completed an intensive Data Analysis certificate (capstone: interactive dashboard) and holds a BSc in Health Sciences with training in biostatistics and research methods. Experienced in designing and deploying AI-driven digital agents and applying data-driven strategies to grow social media engagement. Strong in data cleaning, statistical analysis, visualization, and stakeholder communication; focused on delivering measurable business impact.

---

### AREAS OF EXPERTISE

- |                  |                   |                 |          |
|------------------|-------------------|-----------------|----------|
| • Microsoft word | • Microsoft Excel | • Data analysis | • SQL    |
| • Excel          | • Power bi        | • Tableau       | • Python |
| • PowerPoint     |                   |                 |          |

---

### ACCOMPLISHMENTS

- Designed, trained, and deployed AI-driven digital agents for a virtual assistance studio, creating onboarding and training materials that enabled seamless client integration and automated routine tasks.
- Built an interactive capstone dashboard (Power BI/Tableau) from raw datasets: performed data cleaning, exploratory analysis, and visualization to surface actionable insights for business decisions.
- Led social media strategy and analytics for a community brand: developed content plans, A/B tested posts, and used platform analytics to increase audience engagement and brand visibility.
- Performed biostatistical analyses and prepared technical reports during BSc coursework, applying statistical methods to interpret health data and inform research conclusions.
- Automated data workflows using Python and SQL to streamline data cleaning and reporting, reducing manual processing and improving accuracy for recurring analyses.

---

### PROFESSIONAL EXPERIENCE

#### VA hub studios digital agent creation and training , VA hub studios

Dec 2024 to Mar 2025

remote

Spearheaded the end-to-end creation, customization, and deployment of AI-driven digital agents for a fast-growing virtual assistance studio. Designed comprehensive training modules and led onboarding sessions to ensure seamless integration of digital agents into client workflows.

#### Kinksters of Color, Kinksters of Color

Apr 2026 to Jun 2026

remote

Managed and grew the social media presence for a vibrant, inclusive community brand focused on celebrating diversity and self-expression. Crafted compelling content strategies, fostered audience engagement, and drove brand awareness across multiple digital platforms.

---

## EDUCATION

---

### **Arcbyte, Nairobi**

**Jun 2026 to Aug 2026**

#### Data Analysis

Intensive 8-week Data Analysis certificate program covering data cleaning, exploratory data analysis, statistical inference, SQL, and data visualization. Hands-on projects using Python (pandas, numpy), SQL, power bi, excel and Tableau; completed a capstone project that delivered an interactive dashboard and actionable insights to inform business decisions.

### **KENYATTA UNIVERSITY , Nairobi**

**Sept 2021 to Sept 2025**

#### Heath Sciences (Second Class Upper Division )

Bachelor of Health Sciences (Second Class Honours). Built quantitative and research skills through coursework in biostatistics, epidemiology, and research methods; experience interpreting data and preparing technical reports.

### **Nyang'ori highschool , Kisumu**

**Jan 2016**

#### Grade: B Plain

KCSE, B (Plain). Relevant coursework: Mathematics, Power mechanics, and Physics, developed strong analytical thinking, problem-solving, and foundational quantitative skills.

### **Lugala primary , Kakamega**

**Jan 2006**

#### Marks: 364

Completed primary education with foundational literacy and numeracy skills.

---

## TECHNICAL PROFICIENCIES

---

**Data Analysis:** Excel, Powerbi, Sql, Tableau, Python
